

# ¿Qué es ?

- Librería javascript
- D3 viene de Data-Driven Documents
- Hace mucho más que gráficos
- **No es una librería para hacer gráficos rápidamente.**

# ¿Buscas otra cosa?

The image shows the Datawrapper website interface. At the top, there's a navigation bar with links for River, Blog, Academy, FAQ, and a Login button. The main header features the Datawrapper logo and the tagline "Enrich your stories with charts, in seconds." Below this, there are two prominent buttons: "CREATE A CHART" and "CREATE A MAP". The page also includes a section for "Monthly Changes in U.S. Employment (Non-Farm), 2006-2017" with a line chart and a "Music" link. At the bottom, it states "Datawrapper makes it easy to create beautiful charts." and provides a link to see how different newsrooms use their charts.

The image shows the NVD3 website interface. At the top, there's a navigation bar with links for Home, Examples, Live Code, Source, and Shop. The main header features the NVD3 logo and the tagline "Re-usable charts for d3.js". Below this, there's a description of the project and a "View more examples" button. The page also includes a "Getting Started" section with instructions on how to download d3.js and NVD3. At the bottom, there's a "GitHub Repo" link. The page is filled with various charts, including a bar chart, a line chart, and a map.
